To Whom It May Concern:

I would like to introduce you to the Barn Quilts of Grundy County. Started in 2003, the Barn Quilts of Grundy County are a non-profit organization, and the first in Iowa to start the project. The Barn Quilts of Grundy County is a popular tourism destination in Iowa as well as Midwest. We have been in numerous national publications such as *Successful Farming* and *American Profile*. The Barn Quilts will be featured in *Farmers' Almanac TV* that will air this spring on Iowa Public Television and *Country Woman Magazine* in the March/April edition.

Many counties in Iowa and states around the country have purchased information from our organization so they can start the project in their own area. The Barn Quilts of Grundy County has a special low cost opportunity for you and/or your company to support a worthwhile organization and increase your visibility in our community. We would like to have the opportunity to meet with you to explore how we might partner together for the benefit of both our organizations.

The Barn Quilts of Grundy County emphasizes the rural, agricultural art within the county as well as increases business income when visitors get off the busy highways and journey into the rural areas of the state. The Barn Quilt Project has given many families the chance to renovate their existing farm buildings and provide an artistic attraction for Grundy County and the entire state of Iowa. We are active in seeking potential barns, corncribs, etc., and we have been very active in finding sponsors to help cover the costs that sometimes come with the project.
